New Armistice Terms of Allies Are Unofficially Announced; Germany to Hand Over Ships

EDMONTON, Jan. 15.—The new armistice terms to be presented to Germany by Marshal Foch are unofficially stated here to include the following:

1. Resumption upon the Germans for the murder and ill-treatment of Allied prisoners.
2. Return of machinery and goods stolen by Germany from France and Belgium to be at once given up. It is pointed out that France alone has 500,000 men who will be out of work until this machinery is returned.
3. German gold, amounting to more than \$100,000,000, to be removed from Berlin to a safe place, probably Frankfort, and protected from Bolshevikism in Germany en route. Certain other property to be surrendered.
4. Germany to give over her shipping, of which she is believed to have 4,000,000 tons, to carry food supplies to countries in Europe in need of them.
5. Any U-boats on the stocks to be handed to the Allies for their disposal, or to be destroyed, and no more submarines should be built.

1500 Canadians Reported Missing and Believed Dead Are Still Alive

OTTAWA, Jan. 15.—Fifteen hundred Canadian soldiers who were reported as missing and presumably dead, have been located in Germany, it is now officially stated. Many of these soldiers have been missing since the battle of Ypres and have since been captured by the Germans. German authorities have never reported them and their fate has never been known.

A report of the Canadian delegation is being prepared, but it is presumed that these prisoners must have been captured before the armistice. The German officers were particularly brutal and cruel, or else the men were recalcitrant and the Germans, in re-

lation, refused to report them, con-

trary to all international laws of war.

While the discovery of these 1,500 missing soldiers long since given up as lost has been received in tragic complications it has resulted in tragic complications in a number of cases where wives of men who had been reported missing and later dead have re-married.

One Western hero of Ypres has dis-

coved that his wife, after waiting

so long for him, has married again.

German officers were particularly brutal and cruel, or else the men were

recalcitrant and the Germans, in re-

lation, refused to report them, con-

trary to all international laws of war.

The Canadian delegation is being pre-

pared to go to Berlin to demand

the return of these men.

With the gallery packed with radi-

os, they did as they planned at the

beginning of the session. The hearings were ended by an early adjourn-

ment. The members were adjourned

to consider their several particu-

lar interests because of the unexpected

strength of the radio talk.

Tonight nothing seemed certain what would happen next. The committee on resolutions was ex-

pected to meet again, but every mention of Socialist or L.W. W. principles was loudly cheered by de-

legates.

A letter was read from two mem-

bers of the L.W. W. After meet-

ing today in the organization of the National Labor Congress, they

had decided to call a new

trial for Thomas J. Mooney and War-

ren Phillips. With the trial adjourned,

the members were adjourned to

consider their several particu-

lar interests because of the unexpected

strength of the radio talk.

Motion Turned Down

After hours of heated discussion

the motion to permit the committees

to sit in the convention hall was

voted down.

The Radicals insisted this victory

was a victory that Eugene V. Debs, Socialist leader, recently con-

vinced a violation of the constitution.

The Radicals cheered for several

minutes of the Socialist speakers.

At the opening of the afternoon ses-

sion the committee announced the appoint-

ment of a committee on resolutions,

which included both the Conservatives

and the radical faction.

The Radicals declared had at least

one resolution for the consideration

of the convention.

Edmonton's Welcome to Farmers At Convention Next Week Will be Cordial as Citizens Can Make It

Question of Accommodation is Big Problem For Time-
Exhibition Association Officers Are Being Used as
Clearing House—Reception at Macdonald Will be
Distinctly Citizens' Affair

Edmonton's reception to the two thousand delegates who will spend next week in the city attending the big farmer's convention, will be cordial, if citizens can make it. The details of the arrangements can make it. The delegations from the various states and provinces can make it. The delegations from the various countries as far as possible and directions to strangers will be given by citizens, if citizens can make it. The convention committee in particular.

In the coming days the question of providing the hundred thousand visitors with rooms is the main problem. The hotel owners have been asked to accommodate more than a small portion of the time-exhibition association.

Recognizing this the office of the exhibition association have

had made a clearing house available

for the time-exhibition association.

200 rooms have been listed. Before

the time-exhibition association

will have available no accommodations whatever.

But there will be established in the first Presbyterian church, where the convention will be held, a clearing house for the purpose of assisting the visitors to find rooms. This bureau will have the list of all the hotels and boarding houses in the exhibition offices. This information has been endorsed by the U.S.A. executive in charge of convention arrangements.

For the real civic reception at the Hotel Macdonald, the time-exhibition association will stand ready to welcome the farmers and the citizens' committee to the visitors and all will be served with light refreshments.

Details of the program so that those delegations which will have the full opportunity.

Alderman Pray, who is in close touch with the purpose of the convention and who recently had a conference with the U.S.A. executive of the time-exhibition association, said that the farmers want nothing but a good time.

A F.A. executive from Edmonton was assured that the farmers want nothing but a good time for business.

They have a great deal of importance to transact in a short time and they would only hamper them. They ask only that the citizens' committee give necessary directions for their guidance about the city. If the people of Edmonton are kind and friendly disposed toward the visitors the time-exhibition association themselves will be amicably welcomed during their stay.

Alderman Pray thinks that the time-exhibition association will be the most practical plan in which the delegations can all extend a welcome.

Mrs. W. M. Hart and son Roy, have gone to the west coast. Mrs. Hart's mother is there.

W. J. McAlpine of Portland, Ore., is in the city for a few days.

George Ponson, son of Mrs. Wm. H. Ponson, who has been serving discharge with his regiment being discharged from military service leaves for the west.

Mrs. W. J. Scott was the hostess at a tea service here this week for the Haldon refugees at her home, Zeehan. The tea was served Monday and Wednesday afternoon throughout the day. It was a very pleasant afternoon, completing perfectly the day's work, which a social cup of tea was offered before leaving. A great many articles were sold and the enterprise proved helpful in many ways.

At the annual meeting of the Women's Canadian club it was decided to give a benefit concert in aid of the Red Cross. In addition to the address to be given by Mrs. G. C. Macdonald, "The Birth of War," the following musical program will be presented: "The Golden Wings Provided" (Gibbs), and "Curtain Down" (Albert Horner), "The Girl I Left Behind Me" (Fitzgerald) and "Soldates" (Mrs. Harwood). Dr. Harwood will speak.

The first meeting after the new year of the First Presbyterian W. M. F. was a very pleasant one. Mrs. Green, director of the W.M.F. took the chair in the absence of Mrs. H. C. Macmillan, who was ill. The meeting, which was not filled at the annual meeting, was taken by Mrs. W. M. F.

PEACE
BING ALL THE NEWS CHEERLY,
PEACE IS HERE
TURN YOUR HEADS IN GLADNESS
INTO A SMILE OF GLADNESS.

PEACE IS HERE,
SMILES WITH THE TEARS ARE BLENDED,
PEACE IS HERE,
TURN YOUR HEADS IN GLADNESS
INTO A SMILE OF GLADNESS.

PEACE IS HERE,
A CHEER FOR THOSE WHO GIVE US
THEIR LIVES, A CHEER FOR THOSE
WHO ARE SAVING YOUNG ONES.
WITHOUT A FEAR,
THE CRUEL OPPRESSION,
DRUNK SHALL FIND PLEASURE.

PEACE IS HERE,
AND A CHEER FOR THOSE WHO HAVE
GIVEN THEIR LIVES.
NOW PEACE IS HERE.
TO ALL WHO WHILE THEY SAW YOUNG
IN FLANDERS FIELDS.

PEACE IS HERE,
COMFORTS TO THEM ALL;
RING OUT A MESSAGE FOR THEM,
FOR SOON THEY WILL BE LEAVING.

PEACE IS HERE,
SHOW THEM THE SILVER LINING
OF THE WAR CLOUD, BRIGHLY SHINING.

AN AND ONCE,
TELL THEM HOW WE NEVER
SHALL LIVE IN OUR HEARTS AND NEVER
FORGET.

AN AND ONCE,
GIVE THEM THE LOVE OF LIFE,
THEIR HEARTS ON HIGH.
PEACE IS HERE.

Highlands

At the annual meeting of the Highlands Presbyterian Church Ladies' Aid, held Tuesday evening at the home of Mrs. J. R. Scott, the following officers were elected: Hon. Mrs. D. Bond, President; Mrs. Fred. A. Graham, Vice-President; Mrs. A. Ross, 1st Vice-Pres. Mrs. Stead, Comptress; Mrs. B. B. Smith, Secy.

After the election of officers was voted to the budget of \$200.

Another vote was taken to do more work for the Bonaventure hospital. A visiting committee was formed to call on the members of the church in the neighborhood. The next business meeting is to be held at the home of Mrs. Ross.

PEACE IS HERE,

Show them the silver lining

Of the war cloud, brightly shining.

And once again,
Tell them how we never
shall live in our hearts and never
forget.

PEACE IS HERE,

Comforts to them all;

Ring out a message for them,

for soon they will be leaving.

PEACE IS HERE,

Give them the love of life,

their hearts on high.

PEACE IS HERE.

Should Support Them

The Allies ought to stand by their friends, the Poles, both for the sake of the Poles and for themselves.

Self-Condemned

So far as the public are aware it is still an indifferent offence to utter criticisms damaging to the Federal Government. The Government seems convinced that criticism is the only thing it can stand.

"Some" Job.

The upshot of the British election is that Palmerston George is to try a party of radical government with the assistance of Andrew Bonar Law, Earl Curzon, Arthur J. Balfour, and Viscount Montagu. He will have a busy time.

Fortunate Exemptions

Soldiers returning on the Scandinavian complain that the food was bad, the water bad and the sleeping accommodation bad.

It is fortunate that the transport department has not adopted the condition of the air, or these would likely be had also.

More School Money.

The Provincial Government has responded quickly to the agitation for increased school money.

On the school boards of cities and towns carrying on high school and technical educational work.

Just how much the increase will amount to in dollars and cents is not known, but it is evident that the Legislature has authorized the increase.

The fact that additional help was promised promptly establishes the soundness of the contention that the school board of the whole system of high schools and technical education should not rest upon the taxpayers of the cities and towns.

What of the code of responsiveness on the part of the department of education which is altogether praiseworthy?

Cause and Effect

The Winnipeg "Free Press" explains conditions in Russia as follows:

"Even in Russia it is beginning to be seen that coalition in times of national crisis and for purposes of wholesale reorganization is necessary to meet the greatest measure of co-operation."

About the only sign of the coalition observable in Russia is the growth of Bolsheviks.

Whether or not the development which extends the administration of the "Free Press" it is quite in order to cite Russia as an illustration of the results of the policy of government which governed as Canada is governed, by order-in-council; hence came discontent, revolution, wholesale massacre, disorder, violence, robbery, torture, Bohemian and general chaos.

Inconclusive

The president of the Board of Trade announced at a meeting of that body on Tuesday that he had been received from Ottawa to the effect that while the Shell company had several times approached the Government with a view to acquiring a majority of the shares in the oil companies of the North country, the report that they had been given such concession was not correct.

It is to be hoped that this statement is true, but it is intended to inquire, merely, that a concession has been given to the company, and that it is not intended to grant it. Against that stands the report of the Winnipeg Free Press that the deal with the com-

pany had gone through or was in process of arrangement. The public therefore have the choice between this indirect and unofficial denial on the part of the Government and the report published in a newspaper which is supposed to carry the views and aims of Sir Clifford Sifton.

It is also to be noted that the Ministers at Ottawa are not speaking with less frankness than they ought to have. Sir Robert Borden and the majority of his colleagues are overseas, in intimate association with Sir Clifford Sifton, and the opportunities in which the latter has the most favorable opportunity for pressing their claims. The present relationship between the two men is not clear, but the legal expenses to be incurred by the Shell company and the probably no better known by the few remaining Ministers at Ottawa than they are by the public. Until such time as the former will take something more active, it will be an indirect announcement from the remnant of the cabinet now in Ottawa to dispel the rumors which the Shell company has not yet acquired, or will acquire, in the process of acquiring a monopoly over the unexploited oil resources of the northland.

The Wrong Method.

The world cannot be made safe for democracy by leaving Russia in a state of anarchy.

Not Popular There.

If the Federation of Labor ever meets again in Redcliffe it will likely have to do it without invitation.

Doubly Dangerous.

The Supreme Court of the Province has decided that the buying and selling of imaginary grain is an offence against the law.

There are two excellent reasons why the enterprising and inexperienced should keep their money in their pockets and stay out of that line of business.

An International Phenomenon.

The course of events in the Argentine is a warning to the governments of Canada and other countries that Bolshevism is a spectre of places, and develops whenever conditions are favorable.

To reverse the causes which produce poverty and hardship is to remove one of the favoring conditions in which Bolshevism develops.

Something New.

In San Francisco a doctor has been sent to jail for the practice of manslaughter because a patient he had neglected to sterilize his instruments. In this part of the world there is a great interest in the nature of a precedent of large and unforeseeable possibilities. Perhaps in days to come when a patient fails to survive an operation a jury of medical men will be asked to investigate and declare whether the surgeon was responsible.

A Curious Interpretation.

At an early period in the war a man who enlisted and had entered for a homestead would be allowed to count his term of service in the army as fulfilling the residence requirement to obtain a claimant certificate for his land. This policy is now subject to a curious interpretation from Ottawa. The effect of it is that a man who first entered for a homestead and then enlisted for his term of service in the army should be allowed to count his term of service in the army as fulfilling the residence requirement to obtain a claimant certificate for his land.

This policy is now subject to a curious interpretation from Ottawa. The effect of it is that a man who first entered for a homestead and then enlisted for his term of service in the army should be allowed to count his term of service in the army as fulfilling the residence requirement to obtain a claimant certificate for his land.

Ottawa surely gets hold of some peculiar notions. What practical difference it makes to the country whether a man enlists for a homestead the day before he is enlisted or the day after he enlists? It is not observable. Neither is it apparent how justice is done between one man and another when a man who has foreseen the need to enter for a homestead before he enlisted is excused from living on it, while the man who enlisted and then married enters for a homestead after he enlisted.

It is denied that the man lives on it three years. Assuming an equal amount of cultivation to have been done, or none, or to have been done, to enter the term of service of a man who enlisted for a homestead the day before he enlisted the next day and to refuse to count the service term of a man who enlisted one day and enlisted for his homestead the day before he enlisted, is absurd to the point of absurdity.

The one thing made clear by this new interpretation of a soldier's homestead arrangement is that the government of the day was to the homesteader to leave him to farm and enlist, not to provide for a soldier's future by reserving a homestead for him on his undertaking that he would cultivate it after the war ended.

CANADA LIFE TELLS STORY OF 1918 RECORD UNSURPASSED IN SEVENTY-TWO YEARS

CANADA LIFE policyholders are scattered far and wide, and it is the desire of reaching them in the quickest and most readable form that has caused us to publish in the newspapers by the company. A booklet containing a more complete particular will be mailed upon request.

Of Interest to Policyholders

The class of the Great War finds the Canada Life Assurance Company in an even stronger position than at any time in its history.

The protection of families

is the primary reason

for such institutions as the Canada Life Assurance Company. The war has increased the demand for life insurance, and after all, the primary reason

for such institutions as the Canada

Life Assurance Company is to

guard the home, and no appearance

of temporary success is sufficient

to satisfy the public mind.

It is the question of safety,

the question of dependability,

the very best bonds, such as the

Victory Loan and municipal bonds

and the like, the question of

careful and conscientious financing,

such as the prudent forms of invest-

ment, and an inspection of the entire

business of the company. This will convince anyone of the

soundness of the financial statement.

Following the practice of settling

as our goal for our business a sum

which we might properly undertake

regarding our obligations and

for the protection of our policyholders

we fixed upon 25 millions and we are

now in a position to say that our insurances issued and revised as \$25,^{000,000.}

This has been accomplished

at a cost of less than one per cent

of expense despite the higher cost of

paper, and with all other expenses by war

conditions.

Premiums amounting to \$1,000,000 have

already been paid for, and after

allowing for all terminations, in-

maturity, lapses and surrenders, we are

now in a position to say that our total

in force has increased to

\$19,000,000.

The percentage of increase of new

issues is again most encouraging in

view of the steady improvement in the

quality of the business.

It has been our aim while not ne-
glecting the individual, to develop more intensively the home field and in consequence the major portion of the new issues of life insurance have occurred in Canada. We believe that the market for life insurance is constantly expanding and it is our desire to enlarge our facilities as far as possible in order to give the advantage to the institution that through the continued exercise of judgment and prudence this company will be in a position to maintain the standards to govern life insurance as a prominent company.

We have felt warranted during the recent period in view of the limitations upon men of military age from the date of the signing of the armistice, to discontinue the war clause in all new policies, and have substituted a clause which limited as applied to policies upon men still on active service.

Married Couples and Widows.

There is a growing tendency to use

the machinery available in the

Victoria Bonds of the Dominion Gov-

ernment. In the early months

of the year we issued \$1,000,000 worth

of subscription of Victoria Bonds

under which we were able to obtain

an average rate of 4.5 per cent.

Since that time we have issued

an additional \$1,000,000 worth

of Victoria Bonds.

The interest rate on these bonds

is 4.5 per cent.

It is the desire of the company

to continue to offer this service

to all policyholders.
